

**Handling and registration of sail sticker:**

1. The international class secretary registers the class sail stickers.
2. The owner contacts the class secretary to obtain sail sticker(s) and his number(s). The sail sticker(s) are sent directly to the sailmaker.
3. Sailmakers are responsible for stitching the sail sticker onto the sail and signing off. (See enclosed drawing). It is important that the sailmaker stamps and signs across the sticker and sail. The signature must be written with a permanent ink pen. The class sail sticker numbering system is on a rolling number basis.
